

SKI - CHILE

VOL. 02

iHello!

WELCOME TO DO LOCAL

Boutique journeys into South America's wild heart, like few ever will experience.

At Do Local, we travel deeper, not just further.

Once a year, we bring a select group of travelers to Chile for a boutique ski journey through the Andes, where world class snow, gourmet cuisine, and meaningful connection come together in a way that simply doesn't exist anywhere else.

In Chile, the Andes aren't just mountains, they're a way of life.

Hidden valleys only locals know. Boutique vineyards. Fireside dinners prepared by private chefs, paired with wines poured by the winemaker. Natural hot springs deep in native forests. A culture that welcomes you in as part of the story.

With only 10 places and departures limited to one season per year, this is one of the most exclusive ways to experience the Chilean winter.

This isn't a tour. It's an intimate journey for travelers who value exceptional food, genuine connection, and the kind of adventure that stays with you long after it ends.

You're not just visiting Chile.

You're living it.
